Carmel, Indiana 46032

March 23, 2018

Dear Dr. Jorgue Alamo and Dr. Dario Beltran:

I want to take this opportunity to express our gratitude for your contribution of clothes and toys. Your kindness expressed through your donation to Puerto Rico Rise Up Inc. and Caravana Navidar is greatly appreciated. This movement, which I am proud to be a part of, called Doctoras Boricuas, was started by a group of passionate women physicians in November of 2017 as a response to the devastation caused in Puerto Rico by hurricanes Irma and Maria. Caravana Navidar provided toys and supplies to 27 orphanages on the island and raised more than \$80,000 to support the reconstruction and repair of the damaged centers. At some centers, the donated toys and supplies were hand delivered by the doctors themselves. Other centers were treated to a fun-filled and morale-building event on December 22 and 23<sup>rd</sup> at the Inter-American University Amphitheatre. Remi the clown, professional baseball player Carlos Baerga, and other celebrities brought hope and put smiles on the faces of all attendees. None of this could have been done, however, without the tireless work of all the doctors from the mainland and the island, selfless volunteers, the Lions Club, and our families and friends. It was truly a labor of love, a Christmas we will never forget. The celebration touched the lives of many of the beautiful people in Puerto Rico, especially the children. Nonetheless, the best part is yet to come, for there is far more reconstruction work to be done, not only of buildings, but of lives. The money collected will be used to rebuild and repair hurricane-ravaged children's centers. Our future vision, one near and dear to Doctoras Boricuas, is also to improve the medical care on the island. We will keep you posted. On behalf of Doctoras Boricuas and Puerto Rico Rise Up Inc., we thank you for your contribution and encourage your continued support.

Sincerely,  
The Puerto Rico Rise Up Team
